

**Open Work Session
Compensation and Allowance Commission Recommendations
March 6, 2018**

Mr. Cannon said the Compensation and Allowance Commission Recommendations is the topic on the floor for discussion. Mr. Davis said there is not much to discuss. Mr. Cannon asked if Council is looking to move forward with any recommendations. He said, if there is no discussion, he is going to assume they are moving forward to the next item, and they are going to leave the Compensation and Allowance Commission recommendations where they are and not take them up on any of their recommendations. Mr. Hall asked Mr. Cannon if he wants him to start. He then asked if anybody can start, to which Mr. Cannon responded, it is open for discussion. Mr. Hall said, for the County Executive, he would recommend a \$110,000 annual salary. He said he knows they had some questions about whether it should be phased in, or whether it should be strictly Legislation, and he does not think it does anybody any good to phase this in for the next person who assumes this position. He said he does not think the amount is based on who is going to be elected, or who is going to come through this. He said he thinks, according to the Commission research that was done, this is a fair amount. He said it is not quite what they requested, but he thinks it puts them more inline on the Eastern Shore. Mr. Cannon asked if there are any other comments or opinions as far as Mr. Hall's suggestion. Mr. Matt Holloway said he is in agreement with Mr. Hall, but he does not think they have the votes to secure an increase in the pay of any of these parties, so he does not think it warrants further discussion. Mr. Kilmer said he thinks Mr. Matt Holloway has the read of the room. Mr. Cannon said Council is turning down the recommendations of the Compensation and Allowance Commission. There was no further discussion.
