Letter of Support for Senate Bill 113, as amended – Local Health Department, Environmental Health Specialist, and On-Site Sewerage Disposal Systems

February 15, 2022

Mr. Cannon explained, this is to require a database for the system and is also requesting an appropriation of \$5 million in the budget, and for the State of Maryland to help with staff shortages with the Environmental Health Specialists.

Mr. Hastings said this is an issue that Wicomico probably directly takes on more than most any other County, so he definitely supports this.

Mr. Cannon asked if everyone is in favor of this letter, to which there was unanimous consensus.

There was no further discussion.
