The following questions and answers are provided as a matter of information to clarify issues raised about the Proposal Documents.

| Item | Questions and Answers |
|-------------|---|
| 1.1 | Q. If this project is awarded, what is the expectation for a start and completion date? A. Start as soon as possible after contract is executed, completion date is 30 days from Notice to Proceed. |
| 1.2 | Q. After reviewing the bid documents, it looks to me like we'd be responsible for all the new conduit but I'm not sure who is responsible for taking down the existing poles or if there is any other work besides installing the new conduit. A. The removal of the poles is listed in the Bid Documents as the responsibility of the Successful Vendor and all work under this contract is provided in the Bid Documents. |
| 1.3 | Q. Can all the conduits be placed in the same trench or does power need to be in a separate trench? A. This will be answered in the next addendum. |
