BY: The Council President at the request of the County Executive.

**AN ACT** to create the Office of Business Development and to amend the Wicomico County Classification and Pay Plan by the addition of two new positions entitled "Director of Business Development and Grants" and "Administrative Office Associate I" and establishing the positions' job titles and grades.

### Preamble

Section 503 of the Wicomico County Charter provides that the County Executive can propose the creation of new offices or departments by legislative bill. The County Executive has determined that County services will be greatly enhanced by the creation of an Office of Business Development which will be tasked with the creation and retention of jobs, increasing the tax base, marketing the County, providing a point of contact for business development inquiries and seeking and obtaining grant funds for the County.

Additionally, the Wicomico County Classification and Pay Plan provides a system of standardized job titles and common job language critical to the effective administration of County personnel. The County Executive recommends the establishment of the "Director of Business Development and Grants" position within the new Office of Business Development to accomplish the purpose of the new Office, and the position of "Administrative Office Associate I" to assist the "Director of Business Development and Grants" with clerical and administrative tasks in the accomplishment of various business development and grant responsibilities.
