

**Open Work Session
Forest Conservation Easement Relocation – Friendship Road
August 7, 2018**

Mr. Tyler Walston, Long-Range Planner, came before Council. He said they are looking at an easement relocation on Friendship Road for a property owned by Daniel and Melissa Calloway. He said they have approximately 6.5 acres of forest conservation on their property, and they are looking to relocate or reconfigure 2.77 acres of the easement in order to do a sewage reserve area. He said, looking on the plat, the areas in yellow are what exists currently, and they are looking to move it back there in the pink. He said, since it is going to be on site, they are allowed to do a 1:1 ratio, so they are going to replace the area on a different spot. He said they have submitted all of the proper paperwork, and, after review, all staff recommends Council approves the relocation of the 2.77 acres.

Mr. Joe Holloway said he can give a little background on this. He said they had a perk, and they would have had to have pumped the sewage a couple thousand feet. He said the Health Department reviewed it so they could get a better perk in a different location, and this is why they are here tonight to do this relocation. He said this has been a long time coming, he thinks a couple of years. He then asked if all of the advertising has been done on this that needs to be done, to which Mrs. Hurley responded, no. She said they actually need to schedule the public hearing tonight, and they can have that September 4th at 6:00 p.m. if everyone is okay with that. Mr. Cannon asked for a Council consensus to move forward with the public hearing, to which there was consensus. There was no further discussion.

John T. Cannon, President

Larry W. Dodd, Vice President, District 3

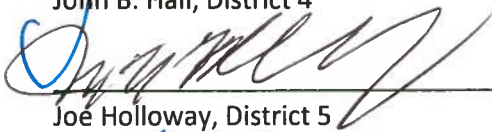

Ernest F. Davis, District 1

Marc Kilmer, District 2

John B. Hall, District 4

Joe Holloway, District 5

Matt Holloway, At-Large

Laura Hurley, Council Administrator
