

**Open Work Session  
Conveying a Portion of Sixty Foot Road to the State of Maryland  
October 2, 2018**

Mr. Dallas Baker, Director of Public Works, came before Council. He said this is the discussion to give the County portion of Sixty Foot Road between Route 50 and Old Ocean City Road over to State Highway for them to maintain. He said Pittsville has a section out there that has already been given over. He said this is, actually, a request that started at a Town Hall meeting when he was over on the State Highway side when the town had asked about the State taking over this section to maintain it, and it made good sense. He said it was connected through their road, so everyone was in favor of it.

Mrs. Hurley said this requires a Public Hearing, and has to be advertised three times, so they can have the hearing on November 6, 2018. There was no further discussion.
