

Open Work Session

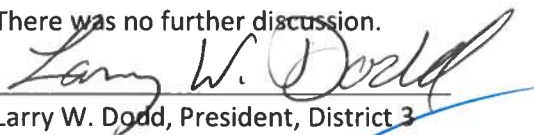

Agreement of Sale of Wetland Mitigation Credits with the Maple Dam Conservation Wetland Mitigation Bank – Taxiway G Project

December 7, 2021

Mr. Tony Rudy, Airport Manager, came before Council and said this is a similar agreement in nature to the one they just recently went over for the runway extension project. He said this is to allow them to clear trees to have clearance for wingspan down the taxiway that leads to the UAS hangar. He said it is approximately 0.56 acres that they need to mitigate for, and this is more of a conversion. He clarified, they are cutting the trees flush to the ground, they are not disturbing anything.

Mr. Dodd said this requires a public hearing, which can be held on December 21 at 10:00 a.m.

There was no further discussion.

Larry W. Dodd, President, District 3

Joe Holloway, Vice President, District 5
