FOR IMMEDIATE RELEASE - FEBRUARY 25, 2019

WICOMICO EXECUTIVE BOB CULVER ANNOUNCES RECYCLING SUCCESS

Executive Bob Culver announced today the Maryland Recycling Act totals for Wicomico County for 2017. A special thank you to the citizens and businesses in making Wicomico County #1 in Maryland with a recycling rate of 57.65% overall. Wicomico County ranks 4th in Maryland by the means of diversion rates overall compared to larger populous within the State with more advanced technology for collection and sorting recycling. Diversion rates are determined when waste products such as poultry manure, compost and even scavenged usable items can be diverted to other uses including fertilizer or even the making of furniture.

We are looking forward to even stronger percentages in 2018 when the rates are released. Great Job Wicomico County!
